

The Society for Free  
Radical Research  
AUSTRALASIA

# 9<sup>th</sup> Meeting of the Society for Free Radical Research Austrasia + Japan

Sydney, Australia 8<sup>th</sup>-12<sup>th</sup> December 2019

Learn about the latest discoveries in free radical and redox sciences with  
conference sessions covering:

Redox active molecules ( $H_2S$ ,  $NO$ ,  $CO$ )  
Cardiovascular disease and clinical translation  
Advanced tissue imaging  
Oxidase and peroxidase enzymes  
Mitochondria dysfunction and disease  
Cancer

Biometals  
Antioxidants and aging  
Proteins and redox regulation  
Selenium  
Thiol redox signalling  
Young investigator session

**Abstract submission open · visit [www.sfrfaj2019.com](http://www.sfrfaj2019.com)**

## Invited Speakers

**Mike Murphy, PhD**

*MRC Mitochondrial Biology Unit,  
Cambridge, UK*

**Key interest:** Mechanisms of free  
radical production by  
mitochondria during ischemia-  
reperfusion.

**Ken Itoh, MD PhD**

*Hirosaki University Graduate School  
of Medicine, Aomori, Japan*

**Key interest:** Regulation of heme  
oxygenase-1 by non-coding RNA.

**Philip Eaton, PhD**

*William Harvey Research Institute,  
London, UK*

**Key interest:** Identification of  
thiol-based redox sensor proteins  
in the cardiovascular system.

## Conference Details

### Central Sydney Location

Veterinary Science Conference Centre,  
University of Sydney, Camperdown

### Early registration prices end 31<sup>st</sup> Oct

Student: A\$ 385.00

Researcher: A\$ 485.00

Alumni: A\$150 (*by request only*)

Cockatoo Island daytrip: A\$45

### Registration includes

- ✓ All scientific sessions 9<sup>th</sup>-12<sup>th</sup> Dec
- ✓ Access to conference mobile app
- ✓ Welcome event 8<sup>th</sup> Dec
- ✓ Conference dinner at Darling Harbour on 11<sup>th</sup> Dec
- ✓ Morning tea, lunch and afternoon tea during conference

**Early Bird  
Registration  
now open!**
