

20th Biennial Meeting of SFRR International

**Welcome to the 20th Biennial Meeting
for the Society for Free Radical Research
International (SFRR-I 2021) to be held
virtually on 15–18 March 2021.**

The SFRR-I Meeting 2021 is based on the excellent scientific program of SFRR-I Taiwan 2020 and will provide a valuable update by outstanding scientists with long lasting expertise in the field of redox Biology and Medicine promoting new insights into our exciting and developing area.

This international online meeting provides a great opportunity for young scientists to give presentations in such a prestigious event without coping with travel expenses.

We are inviting poster abstracts for young scientists. Please mark your calendars and join us in March 2021!

[José Viña](#), [Giovanni Mann](#), and [Juan Sastre](#)

Plenary Speakers

[Malcolm Jackson](#) (Trevor Slater Awardee)
[Masayuki Yamamoto](#) (Lester Packer Awardee)
[Barry Halliwell](#)
[Helmut Sies](#)
[Douglas C. Wallace](#)

Topics of Symposia

- Ageing
- Bioactive lipids
- Cancer
- Energetics
- Epigenetics
- H₂O₂ nanodomains
- Mitochondrial quality and mitophagy
- Neuroscience
- Nrf2
- Nutrition
- Protein “modific-ome”
- Selenium
- Stem cells
- Thiols

Deadline submission of poster abstracts

**9 December 2020
at 23:00 (CET)**

Registration and abstract
submission through
sfri2021.com

Please do not hesitate
to contact us at
secretariat@sfri2021.com
if we can provide any
further information.
